History

Since 1997, Lloyds TSB has been a pioneer in the development of eCommerce. Since 2001, it enjoyed a strong strategic partnership with Best Value Procurement (BVP), a specialist supplier of eProcurement advice and technology solutions.

Leveraging the strengths of this partnership, Lloyds TSB and BVP quickly became the leading provider of these services to UK local authorities, who are required to implement robust eProcurement programmes as part of the Government's ambitious efficiency targets.

Building on this success, the management of Lloyds TSB and BVP merged their respective trade facilitation businesses to deliver a comprehensive eProcure-to-Pay service for the commercial sector. With Lloyds TSB's understanding of Corporate businesses and BVP's proven skill and experience in implementing and managing eProcure-to-Payment services (such as eSourcing, eBuying and eInvoicing), the benefits for you are undeniable.
